

**2nd ECRA Online Conference
in cooperation with CEMBUREAU**

“CO₂ Infrastructures”

19-20 January 2023

Draft Agenda

Day one, 19 January 2023

12:00	Welcome and introduction	<i>ECRA/CEMBUREAU</i>
	Demand for CO ₂ infrastructure for climate neutrality in the cement sector	
	Political Keynote: The European CCUS Forum	<i>Chris Bolesta European Commission DG Energy</i>
	Emerging CCUS projects and CO₂ transport schemes	
12:35 01	CO ₂ -transport via Rail. From a niche to a large volume market. Opportunities, challenges, and necessary actions	<i>Stefan Siegemund Finn Torge Bremer VTG</i>
13:10 02	Inland L-CO ₂ transport by barge	<i>Frederik Selhorst VICTROL NV</i>
13:45 03	Elements for CO ₂ logistics and compression	<i>Peter Klotzsche MAN-ES</i>
14:20	Coffee break	
	Pipelines as a backbone for CO₂ infrastructures	
14:40 04	Relevance of Pipelines	<i>Björn Munko DVGW</i>
15:15 05	Robustness and flexibility - Key attributes for safe and sustainable CCS infrastructure	<i>Diana Rodriguez Barrera VALLOUREC</i>
15:50 06	CO ₂ quality and international standardisation	<i>Achim Hilgenstock Dr. Hilgenstock Consulting</i>
16:25 07	ANRAV Project, Bulgaria	<i>Jan Theulen Heidelberg Materials</i>
17:00	End of day one	

Day two, 20 January 2023

08:50	Welcome and introduction to day 2	ECRA
<hr/> Regional project experiences <hr/>		
09:00	08 Development of pipeline infrastructure for CO ₂ transport, Germany	Jens Erfurth OGE
09:35	09 PYCASSO, a territorial cross-border CCUS hub between the South West of France and the North of Spain	Benôt de Guillebon PYCASSO Project Thomas de Charette LAFARGE
10:10	10 CO ₂ transport via infrastructure in Belgium	Steven Van Caekenberghe FLUXYS
10:45	11 CCUS in key regions of France and Portugal: Fast forward with Strategy CCUS and Pilot STRATEGY projects	Júlio Ferreira Carneiro University of Évora
11:20	Lunch break	
<hr/> Political and societal perspectives <hr/>		
12:15	12 Stakeholder discussions and fact finding, Netherlands	Michelle Prins Natuur & Milieu
12:50	13 European CO ₂ infrastructure strategy to reach climate neutrality	Jonas Helseth Bellona
13:25	14 Developing geological CO ₂ storage in Norway: From Sleipner via Northern Lights to large scale	Per Sandberg EQUINOR
14:00	Conclusions, outlook	
14:15	15 Virtual site visit Kollsnes, Norway: Development of the Northern Lights and Longship project	Ingrid Salte Northern Lights
15:00	End of the conference
